

Lucton Bulletin

June 10th
2022

It has been great to see everybody back after half-term, with many students looking well-rested after a break and the completion of internal exams, though our thoughts remain with those Year 11 and Year 13 students who are still ploughing through their own tough exam schedules.

It has been a particularly busy week for trips. I enjoyed visiting our Year 8 students midway through their stay at Oaker Wood and hearing of their exciting experiences doing activities like rafting, high ropes, and camping – I'm just glad I wasn't there for the paintballing, as I suspect the Head may have made for a popular target.

As I write this on Thursday, the Middle School is looking deserted with so many students having just departed for France, while our Prep School students will be looking forward to their Aquathlon later this afternoon. I know that our Year 10 students also enjoyed their Geography trip on Tuesday.

With so much going on, I do hope that everybody is able to enjoy a good rest over the weekend.

Jon Tyler
Headmaster

Updates & Reminders

Middle School Cake Sale

On Friday 17th June, the Middle School will be hosting a cake sale, along the theme of Wizards. Students will be invited to purchase the cakes in the morning, so please send your child in with a small amount of cash to buy one. Proceeds will go towards the Middle School production of the Wizard of Oz. Happy Baking!

Pre-Loved School Uniform

The Friends of Lucton are collecting pre-loved Lucton school uniform to sell at the Summer Fete. Please bring donations in by Friday 17th June.

Middle & Senior School Sports Day

The Middle & Senior School Sports Day will be on the afternoon of the last day of term on Thursday 7th July. Parents are warmly invited if they would like to watch. More details will be announced by the Sports Department soon.

New Online Safety Support

As an online safety ambassador for CEOP, Mrs Goode would like to share a new resource for 4-7 year olds and their parents. The website is based on a three-episode animated series called [Jessie & Friends](#), which aims to equip 4-7 year olds with the knowledge, skills and confidence to stay safe online.

Boarding News

Six of our international students stayed with us for half-term and we had a lovely relaxing week.

They certainly enjoyed not having the alarms wake them up early in the morning! Although it was a chance to relax, we did keep the boarders busy with a trip to Hereford for some shopping, followed by a visit to the cinema to watch Top Gun: Maverick, and a day out in Birmingham. The boarders also made the most of the Boarding House's Playstation and there was some fierce competition on the new Fifa 22 game.

Upon returning to school, we have welcomed some new boarders as part of our immersion programme. Marien, Maxime, Violette and Jeanne have all settled in really well and have quickly become part of the boarding community, and we look forward to welcoming Artemis this weekend.

Although the half term has only just started, I would like to remind parents that we must have boarders' travel plans for the end of term as soon as possible. School finishes on the 7th July, with boarders being able to travel on the 8th July.
