**Croft House and School Cottage
Welcome Pack**

Dear Boarder,

Welcome to being part of the family that is boarding at Lucton School. We aim to make your time here as enjoyable as possible, and to help you settle in we have prepared this welcome pack which provides you with some guidance on what to expect, where to be, and what to do.

The house parents in Croft House are Mrs Webb-Rogers, Mr Rogers and Mr Goodchild. The house parent flats in Croft House are just off the middle common room and you are free to knock on the door and have a chat whenever you want to.

During the week, you will find Lulu in the Matron's room next door to the boarding house office. You must remember that if you have brought any medication to school with you, you must hand it in to Lulu. Sarah and Debbie, clean and look after the house and you will get to know them very well.

Please make the time to familiarise yourself with this welcome pack and remember that we are all here to help you settle in and have fun during your time here.

- To develop boarders' responsibility for self, for others and for his/her environment;
- To develop boarders' qualities for leadership and ability to work as part of, or within a team;
- To provide suitable accommodation having due regard to adequate levels of privacy;

Personal Items

Boarders are welcome to bring to school their favourite personal possessions such as games, books, teddy bears, technology and so on, but these should be clearly marked with the owner's name and the school can take no responsibility for any loss or damage. All boarders must have a lockable box in their bedroom to keep items safe and secure. Boarders are welcome to store any valuable items in the Boarding House office which is always securely locked.

The following items should never be brought into the Boarding House:

- Pocket knives, catapults or cap guns
- Pets
- Televisions
- Any item capable of producing a flame
- Aerosols
- Chewing gum

The house parents can look after boarders' pocket money; we recommend that boarders hand in their pocket money at the beginning of term and a pocket money ledger is kept. Overseas boarders and older boarders usually have their own bank account. The school will assist in opening a bank account for a boarder. Our system is flexible so that boarders, parents and house parents may decide between them how much is given and when. Parental requests will be noted and adhered to. Boarders will not be allowed to take out very large sums of money without parental permission.

Worries and Concerns

If you are worried or wish to make a complaint there are a number of ways you can do this.

Remember you have friends who may be able to help, or an older pupil to whom you feel you can talk. **The house staff are always ready to help as is the Head or any member of staff.**

There may be a time when you don't want to talk to a member of staff, this is quite understandable and natural. If this is the case then talk, telephone or write to any of the following:

- **Your parents or a trusted adult**
- **The listening service**
- **Boarders Listener (Jane Clarke)**
- **Childline 0800 1111**
- **Ofsted 0300 123 4666**
- **ISI CAP House, 9-12 Long Lane, London EC1A 9HA, telephone 020 7600 0100**

If you feel you wish to make a complaint you should speak to a member of staff you trust, you can take a friend with you if you like. You can make an appointment with the Head or Deputy Heads. You may take a friend or a member of staff.

If this does not resolve the matter you can make a formal complaint. This is done as follows:

Either talk to or write to the Head or tell one of the houseparents you wish to make a formal complaint. Your complaint will be recorded in the complaints book kept by the Head; within two days the Head will ask to see you to talk the matter through. You can have a friend with you who may be another pupil or a member of staff. If, within two more days you still feel the matter has not been sorted out you may contact any of the people listed and ask them to help you.

**You do not have to tell staff or anyone else that you are complaining about them.
Remember your responsibility to be honest and truthful.**

Croft House Technology

Contract

In Croft House we understand that your technology is a crucial link with home, as well as being fun. We also know that it can easily get in the way of sleep and school work!

- The school rules state **that no mobile phones should be carried by students during the daytime – they must be left in the boarding house.**
- **Students up to and including year 10 must hand in their mobile phones and also any other technology – laptops, tablets, iPads etc at bedtime.** It will be safely stored in the boarding house office until after school the following day, when you may collect it from the member of duty staff for use in the evening after prep. If you need to use your phone to contact home at any other time (because of time differences etc) speak to the member of duty staff and they will try to help you.
- Technology should also not be used by pupils during prep (other than sixth formers). If you need to use it for work, you must ask the member of staff on prep duty.
- **If we feel that any student (in any year group) is spending too long on technology, we will first speak with you and your parents, before putting a plan in place that may mean limiting your technology use.**
- **If any technology is found in your room that you haven't recorded on this form, it will be removed and confiscated until the end of the half term when you may take it home.**

Please show below the technology that you have brought to Lucton school.
